

PRAYER TOPICS 1st May 2023

I looked up a definition of prayer. It states it is an act of communication with God, through both talking and listening and being open to the guidance of the Holy Spirit. It is also a very important part of our worship to God, a time to praise Him and give thanks to Him.

Prayers do not have to be long, the language does not have to be flowery, poetic or full of religious language. It just has to be a natural conversation and from the heart, but remember it is a two way conversation.

There is a lovely song that goes

Draw me close to You, never let me go, I lay it all down again to hear you say I'm Your friend
You are my desire, no one else will do
Cause nothing else can take Your place to feel the warmth of Your embrace,
Help me find the way, bring me back to You

You're all I want, You're all I ever needed
You're all I want, help me know You are near.

God really wants us to be close to Him, so we can worship, praise and equally important listen to Him.

Therefore each day this week before you pray sit in silence and listen to God. Is there something specific He wants you to pray for. The world, our country, our county, our town, our fellowship, our friends and family, or is there something specific about ourselves, do we need to repent about something, do we need help in a specific area of our lives or something else.

Give it a try

Blessings
