

## Virginia Bluebell

*Carrying the weight on the end of a limb*

*You're just waitin' for somebody*

*To pick you up again.*

*Shaded by a tree, can't live up to a rose*

*All you ever wanted*

*Was a sunny place to grow*

*Pretty little thing*

*Sometimes you gotta look up*

*And let the world see*

*All the beauty that you're made of*

*'Cause the way you hang your head*

*Nobody can tell*

*You're my Virginia bluebell*

*My Virginia bluebell*

*Even through the snow*

*A flower can bloom,*

*You just need a little push*

*Spring is coming soon*

*Umbrella in the rain*

*Let it roll off your back*

*Better watch, you can see what you have*

*Pretty little thing*

*Sometimes you gotta look up*

*And let the world see*

*All the beauty that you're made of*

*'Cause the way you hang your head*

*Nobody can tell*

*You're my Virginia bluebell*

*My Virginia bluebell*

*Put a little light in the darkest places*

*Put a little smile on the saddest faces*

*Pretty little thing*

*Sometimes you gotta look up*

*And let the world see*

*All the beauty that you're made of*

*'Cause the way you hang your head*

*Nobody can tell*

*You're my Virginia bluebell*

*My Virginia bluebell*
