

7th and 8th Grade E-Day Choices

Directions: Choose at least **one activity from each category**. Turn in the completed work when we return to school.

Bible	Reading	Writing	Math	Miscellaneous
Read Exodus 4:10-15 and rewrite a story in super hero form.	Read for at least 30 minutes. Write a paragraph telling me about what you read and what happened.	Write a whole page about what you did today. Use details and lots of adjectives and adverbs.	Do IXL math for 40 minutes.	For an art activity choose something of your choice and bring it to school.
Think of somebody who has been important to you and write them a thank you letter for the ways they have helped you in your life.	Read for one hour and write a summary of your story.	Interview a parent! Ask your mom or dad (or another adult relative) to tell you about what games/toys/activities they enjoyed when they were in the 4 th grade. Write down their responses.	Make a recipe with an adult and use measuring spoons and cups. Double the recipe, if possible! Take a picture of the recipe and the food!	Do something active for 30 minutes! Watch an exercise video, play a sport, dance, or anything else that gets your heart pumping! Write a paragraph of what you did and why.
Write a card to your pastor or a pastor from the school (Pastor Seth, Pastor Mike) telling them why you think they are great!	Read aloud to a sibling or parent for at least 20 minutes. Talk about the book. Then explain what discuss went on while you were reading to them.	Write a letter to your future self-5 years from now. What are your current academic and social goals? What activities and people are important in your life? What are your current likes and dislikes? Where do you see yourself in 5 years?	Measure two rooms in your home and figure the square footage and estimate the cost of painting them at \$25 a gallon.	Pretend you are a designer and you are designing your dream home! Bring the design to school.
Turn to Ephesians 6:10-18 and put down all the armor that God gives us. Explain why we need to have this armor.	Find a magazine or newspaper. Circle all the proper nouns you can find. Underline all the verbs once. Also for extra credit label any other part of speech you may know in the article.	Research a topic you're interested in and write a page and a half report about it.	Look up the metric system and explain what units of measure are used for weights, liquids, and lengths.	Research a science experiment and have it ready to show in class when you return.
