Dear Denise,

Congratulations! Your application for the designation of PCC has been approved by the International Coaching Federation (ICF). This career milestone signifies your commitment to high professional and ethical standards in the coaching industry, and to your own continued growth and education clients.

Your PCC ICF Credential is valid through 8/31/2025. ICF maintains high standards for professional coaches worldwide, and requires ICF Credentials to be renewed every three years. You can review the requirements for credential renewal on the website. Any changes to these requirements will be communicated via email and on coachingfederation.org with timelines that will allow all to comply.

Since awarding the first-ever ICF Credentials in 1998, ICF has been committed to acknowledging the professional achievements of coach practitioners and to supporting their success by offering globally recognized, validated credentials. By choosing to earn an ICF Credential, you have earned the credibility conferred by the only globally recognized professional coaching credential.

We encourage you to leverage this credibility by following the suggestions outlined below in this email. The world needs qualified, professional coaches now more than ever, so let yourself shine as an ICF-credentialed coach!

Thank you for demonstrating your dedication to excellence in the coaching industry. We wish you continued success and good fortune.

With Respect,

ICF Credentials & Standards Staff
