HOW TO ENTER

HOW DIVISION SCORES ARE WEIGHTED

- **Divisions 1, 2 and 3 – Communication Management, Communication Research and Communication Training and Education:** 50 percent of the score is based on the work plan and 50 percent of the score is based on the work sample(s).
- **Division 4 – Communication Skills:** The score is based on the work sample's creativity, professional execution, and alignment

1

STEP 1: CHOOSE YOUR CATEGORY

Choose from 26 categories in four divisions: Communication Management, Communication Research, Communication Training and Education, and Communication Skills.

- Be sure the category is appropriate for your entry. Categories help the judges assess whether the entry achieved its goals. Judges recognize that some entries fit in several categories and may permit latitude in such cases. However, if your entry is clearly submitted to the wrong category, you may be disqualified, and your entry fee will not be returned.
- You may enter multiple categories within one division or across divisions. While the same project, or parts of a project, may be submitted in different categories, you should create a distinct work plan for each entry. You may submit as many entries as you wish, but separate entry fees apply for each entry.

2A

STEP 2A (ONLY FOR DIVISIONS 1, 2 OR 3 ENTRIES): WRITE YOUR WORK PLAN

The work plan describes your project's communication program, how it was developed, and what you intended to achieve. Create a tailored work plan for each entry. [Click here to access our work plan template.](#)

List the following information at the top of your work plan:

ENTRANT: This must be the name of one person who was principally responsible for the development, management and execution of the entry. The entrant's name on the online entry form must match the name on the work plan. Failure to comply with this requirement may result in disqualification.

DIVISION/CATEGORY: List the division/category that accurately reflects the work being entered (i.e., Division 1: Category 1 – Internal Communication).

ORGANIZATION: The name of the organization the entrant represented while the project was being implemented. If this was a collaborative project, multiple organization names may be included.

ENTRY TITLE: Choose a title that effectively represents the work being entered.

TIME PERIOD: Specify the time period when the communication project took place. *Only work implemented, published or broadcast between June 1, 2021 and the day of submission is eligible. It must be work that has not already won a Palmetto Award in the category being entered. If the entry is a multiyear campaign/program, only the materials related to the measurable (and/or achieved) results documented for this time period will be considered. An entry may be resubmitted if it meets the proper time period noted above and was not a winner in the same category in the previous year.*

PROJECT DESCRIPTION: Briefly describe your entry in one or two sentences. If your submission wins an IABC/SC Palmetto Award, this summary may be used at the award presentation and in various communications.

HOW TO ENTER

2B

STEP 2B (ONLY FOR DIVISION 4 ENTRIES): FILL IN THE ADDITIONAL QUESTIONS

You do not need to complete a detailed work plan for the Communication Skills division. Instead, you will need to complete the additional questions that appear on the online entry form which will be submitted along with your work sample(s). The form fields provided for answering the questions have character limits as stated below, so keep your answers concise.

THE COMMUNICATION SKILLS DIVISION ADDITIONAL ENTRY FORM QUESTIONS:

- Describe your organization and project. (800-character limit, including spaces)
- Describe the business need that led to this project being undertaken. (1,000-character limit, including spaces)
- Who was the audience for this project? What do you know about the audience? (1000-character limit, including spaces)
- What were the measurable objectives for the project? Please provide no more than three objectives, and describe how they are aligned with the business need. (1,000-character limit, including spaces)

- How well were the measurable objectives met? Show the relationship between the objectives you set and the results you achieved. (1,000-character limit, including spaces)

3

STEP 3: PREPARE YOUR WORK SAMPLE

Preparing a work sample is like preparing a portfolio.

- Work sample elements demonstrate skill in strategic planning and execution.
- When evaluators review your work sample, they will look at it as objectively as possible through the eyes of your stated intended audience(s) and take the overall strategy into account.
- Some entrants simply provide the creative samples, and while that's okay, the work sample scoring is split into four sections, so take these into account when preparing yours:
 - Stakeholder alignment and impact
 - Alignment with objectives and strategy
 - Professional execution
 - Overall quality
- Judges will look for a summary of the research, the strategic plan, tactical implementation plan, budget, measurements or evaluation, and creative samples.
- The work sample is scored separately from the work plan, but it's hard for a sample to get a high score if the plan didn't score well. The work sample should represent the full scope of your work. Make sure that the material in your work sample matches the material described in your work plan.

How to select a representative sample of your work:

- Judges don't need to see every media clip, or a full research report (unless you are entering in the Communication Research division). Be selective: for larger communication programs, pick the examples (clips, photos, etc.) that best represent your entry, rather than including every item.
- Remember electronic files will be disqualified if they contain viruses, if they disable or require disabling of any part of the computer system used during evaluation, or if evaluators cannot view work samples using the instructions provided. Also, keep in mind that large files are difficult to upload and download, so condense the file size as much as possible. The maximum file size for work sample files is two gigabytes and a maximum of five work sample files are allowed per entry.

HOW TO ENTER

FOR ENTRIES IN DIVISION 1, 2 OR 3 CATEGORIES: The work sample should include a sample of all project elements so that evaluators can review the material and determine how well it's aligned with the work plan. This might include a summary of the research, the strategic plan, tactical implementation plan, budget, measurements or evaluation, and sample material such as brochures, print or electronic ads or media clips, screen captures of or a link to a website, PowerPoint presentations, scripts, publications or specific material referenced in your work plan.

FOR ENTRIES IN DIVISION 4 CATEGORIES: The work sample should include a copy of the product entered in the competition and any supporting information such as budgets, research, media plans, scripts, creative rationale, focus tests, and post campaign tracking information or other elements. Be sure to show individual pieces such as writing or photography samples in the context in which they were used, not just individually.

WORK SAMPLES SHOULD NOT BE RESTRICTED TO MERELY AN ELECTRONIC VERSION OF A PRINTED PIECE. For example, in the case of graphic design submissions, you could include photos of the piece that illustrate intricate folds or other nuances that may be lost in an electronic format. *(Of course, you should also clearly demonstrate how any such special design features were a part of the creative solution in your work plan. Remember, your entry is not being judged solely on its artistic merit, but rather on its ability to successfully meet the stated business need or opportunity.)*

How to represent your scope of work in various media:

- **VIDEO:** Submit your entry in either m4v, mp4 or wmv formats, no larger than two gigabytes each.
- **PUBLICATIONS (PRINT OR ELECTRONIC):** Submit three consecutive issues in PDF format as one entry. For semiannual publications, submit both issues. For annual publications, including annual reports, submit one issue. Indicate the frequency of the publication (i.e., monthly, quarterly, semiannual) in your work plan.
- **NON-DIGITAL MEDIA:** For large and heavy items (i.e., displays, billboards, sculptures), upload color photographs with descriptions (in PDF format).
- **PHOTOGRAPHY:** Submit your entry in the context in which it was used. For print media, submit a PDF of the spread or story in which the photograph(s) appeared. For photos used in displays or bulletin boards, or other cases where size is prohibitive, submit a digital photograph of the entire project and one closeup photo.
- **PROGRAMS AND CAMPAIGNS:** Submit a complete, concise entry. Enclose a representative electronic sample of multiple program elements, including digital photographs of outsized or bulky items.
- **WRITING SAMPLES:** Provide a tear sheet or other evidence of use. For recurring features or a recurring column (Category 25: Writing), create PDFs for three different samples to support your single entry.
