Jaguar 20R

Micro Rider Scrubber

Heavy-Duty Performance in a Compact Design

Large opening to the 19.2 gal (73 L) recovery tank allows easy cleaning

Water solution level indicator with volume visible on the tank

An integrated onboard charger enables easy plug-in and battery charge at any outlet

The Jaguar 20R Micro Rider Scrubber offers heavy-duty performance in a compact design. The sleek 20 inch machine is highly maneuverable to clean in tight areas as well as larger areas. 25-35% more productive than a walk-behind scrubber. Easy operation gets you up and running quickly. Scrubs 31,000-60,000 square feet on a single battery charge. Quiet performance allows for daytime operation.

- One touch operator control display is intuitive and simple to operate
- Cleans tiled floors, vinyl, sealed wood, marble, concrete and other surfaces
- Easy to use mechanical lift systems for brush deck and squeegee
- Speed reduction safety technology automatically slows down the machine when operator lifts off the acceleration pedal suddenly or pushes the emergency stop button
- Manual brush head and squeegee lift mechanisms eliminate costly repairs
- Superior ergonomics allows the operator to be comfortable for extended lengths of time
- Standard USB port makes it convenient to charge smartphones and other devices
- Rear mounted hook to hang squeegee assembly
- Pad and brush included
- Premium Linatex squeegees are 95% rubber which provides superior recovery
- Front bumper, strong main frame and heavy-duty aluminum squeegee frame
