## LOVING TRIBUTE TO

# Ulus Henry Jr.

### "Come With Me"

God saw you getting tired. A cure was not to be, so he put his arms around you and whispered, "come with me." With tearful eyes we watched you and saw you fade away. Although we loved you dearly we could not make you stay. A golden heart stopped beating, your tender hands at rest. God took you home to prove to us he only takes the best. Love your son Davin

My love you were the greatest inspiration in my life and you will always be my endless love. My forever and ever. Love your wife Dorothy.

Each night we shed a silent tear, as we speak to you in prayer. To let you know we love you, and just how much we care. Take our million teardrops, wrap them up in love, then ask the wind to carry them, to you in heaven above. Love your daughter Elizabeth

There are so many expressions that I can say about my dad because I have loved him my entire life. Everytime I laugh I say, "that's my dad's laugh." When I look at my hands I say, "my dad have the same hands. When I stand up I say, "I'm standing tall like my dad." When I'm thinking and strategizing I say, "my mind is strong like my dad." And when I'm taking care of my family I say "I'm just like my dad" because we both love hard. Dad will forever be my superman. Love your daughter Christine

### The love of a father for his son.

I grew up thinking I didn't need you and not thinking much about it but then i started to make my share of mistakes. I always knew the right thing to do but I didn't always do it. I knew there was something missing the dots were not connecting for me and as time went by I got a little older something in me change. I wanted to get to know you I had nothing to lose and everything gain. With just a few conversations with you,you connected all the dots and helped me begin to understand myself and at some point along the way I developed a deep love for you,something I didn't think was possible. I remember saying to you after each conversation with you, I love you pops and you would always respond I love you too son. Those words I will take with me for the rest of my life. So thank you for giving me this beautiful gift, the gift of love. Love you pop your son Ulus Jr.

### Dad,

I am grateful God put such a great and positive man in my life. You instantly raised me as your own and never treated me any differently. You never judged me and was always on my side. You made me feel as though I am capable of anything and that is how I live my life on the daily. Because of you I don't put up with any bull stuff. Because of you I speak up for myself. Because of you I am not afraid. Because of you I will never give up. You have taught me everything I know. You helped me and Rob raise Naya so we can graduate from high school. Even recently being diagnosed with cancer you were taking care of a sick newborn for us. You adored Naya, Robbie, & Londyn, they got anything they wanted from you. You guys told stories, went to yard sales, and made up many songs together. You gave them the same childhood that was given to me, and I am blessed my children got to experience that. They are missing you so much already. I miss the sound of your voice, the wisdom in your advice, the stories of your life, and just being in your presence Love, Your Babygirl

Thank you for everything Papa. Thank you for watching scary movies with me in the middle of the night, thank you for taking me to mcdonalds (even though you did not like it). I am mainly thankful for you taking care of me since I was a baby. You always held me when I cried, went along with my silly ideas, and talked to me all day without getting bored. You have done everything for this family and we are all thankful. We all love you and we all know you are in a better place with God. I'll Always remember "Sally ou" Love, granddaughter La'Naya

## ACKNOWLEDGEMENTS

Perhaps you sent a lovely card or sat quietly in a chair. Perhaps you sent a floral piece, if so, we saw it there. Perhaps you spoke the kindest words, one could ever say. Perhaps you weren't there at all, but thought of us someday...

Whatever you did to console our hearts, We thank you so very much, for whatever your part. May God Bless and keep each and every one of you!
