Conference Evangelism

Gender reveal videos where the expecting couple discovers the gender of their child have become a viral sensation on social media. Why? Because whether it is a boy or a girl, the news that a couple is having a baby is just too good to keep hidden. When Jesus came into this world, the angels staged their own reveal celebration. When the Wisemen arrived in Jerusalem, they expected all of Judea to be electrified with the thrilling news. We can imagine their excited questioning about the newborn Savior and their perplexity with the cold indifference.

The Seventh-day Adventist Church has never been cold or indifferent to the good news of salvation and the soon return of Jesus. We have become a people whose mission is to proclaim this good news to the world.

Each year the conference takes an offering that goes exclusively to funding the many evangelism events across our Conference. Please contribute today and do your part to support the proclamation of the good news of Jesus and His soon coming!
