

**January 11, 2019**

**Dear Parents,**

We are settling into our normal work schedule after the craziness of the holiday season. It's good to be working again.

We have been fortunate that illness has stayed away. We do all we can to fight off those icky germs. We clean our desks, door handles, and lunch tables. Getting proper rest each night goes a long way in fighting off the flu. Please make sure your children get in a full night's rest each night.

This weekend we are expecting snow. It's a good time to remind everyone of the snow day policy. If LPS closes then we are closed. Remember we do not have snow days. We have e-learning days. The kids are expected to do assignments you can find on [georgestone.org](http://georgestone.org).
