## **Goodbye For Now**

*My friends do not weep for me,  
For I am exactly where I want to be.  
I now rest high upon the mountain,  
Drinking freely from God's eternal fountain.  
I have no worries, no aches or pains,  
Far from the world's prejudice and disdain.  
Don't spend this day mourning for me,  
Be happy for at last I am free.  
Free from Satan's constant attack,  
Free from all the things that held me back.  
At last, I can worship him with all of my might,  
I finished the race; I won the fight.  
Now I am strolling down the streets of gold,  
Just watching as eternity unfolds.  
Safely nestled in my father's arms,  
Far away from danger and harm.  
My trials and tribulations are now through,  
My body is now strong and new.  
My friends and loved ones, who passed before,  
We're all waiting for me at heaven's door.  
There we had a great reunion in the sky,  
And on the wings of angel's, we fly.  
My love for you all is still very near,  
And I am waiting for you right here.  
So please, my friends, do not cry for me,  
Because I am exactly where I want to be.*
