## The Lure of Spring

The sky is blue, the trees are green  
The most beautiful sight I'd ever seen  
The sun is shining, there are no clouds about  
The birds are chirping, I hear calling of doves  
Life is wonderful and God's love is much  
His presence is in everything we touch  
Spring is the season when life returns anew  
Proof can be seen in everything in view  
Come let us enjoy the pleasures of our gifts  
Spring is the season that gives us a gift.
