Seventh-day Adventist Education has served the province of Quebec since 1899. All our teachers are qualified and are certified by the Ministry of Education, as well as the North American Division. Admission and retention in this school is a privilege and not a right. Therefore, every student is required to abide by all the rules and regulations.

At Greaves Adventist Academy, we believe that each student is unique and is of inestimable value. Working in a family-oriented Christian environment, we prayerfully aim to systematically develop the intellectual, spiritual, physical, and social needs of all our students.

This handbook has been prepared for your use. Read it carefully and know its contents as you are responsible for the rules and regulations outlined in it. Please note that information in this handbook may change without notice. Each parent or guardian is required to sign the first two pages as indicated. The first page is to be removed and sent to the Secretary-Registrar's office at least three days after you begin classes.

Therefore, you are required to bring your children to school on time, and collect them on time after school so that they will not be unsupervised. Remember, the safety of children is a priority for you and the school.

ATTENDANCE POLICY

Everyone is required to enter school daily at 8:30 a.m. Lateness is not tolerated without a valid reason **provided by the parent by phone or a note.** In the case of illness, the student should present **a medical note if absent for three days or more.** If this is not done, the student will not be admitted to class. It is important that home and the school cooperate in teaching our youth the essential work skill of respecting time.

When a child is going to be absent, a parent or guardian is required to telephone the secretary to inform the absence. The school will make an effort to contact the home if no information was received regarding the absent student.

Procedure after Absences

If a student is absent from a class, he/she must, upon returning to school, present a written excuse signed by a parent/guardian or a medical personnel.

Excused Absences

Illness is a valid reason for being absent. Emergency absences will be considered on an individual basis. Students are allowed to make up all work missed. However, it is the students' responsibility to contact their teachers for assignments.

Lateness

Students need to arrive to school on time to ensure they receive all teacher instruction and to avoid disrupting classes and the office. We do understand an occasional lateness due to transport. Late students must report to the office to receive a late pass to attend class. If a student has more than 3 lateness = one detention; three detentions = 1 suspension. 3 suspensions = probation.

Students who arrive chronically late, may be dismissed from the school as it disrupts the entire school program.

Holiday/Travel Time

Students are required to be in school every school day and not take extended vacations. However, in extreme cases, if extra time is required, the parents should send a request in writing at least two weeks before the anticipated absence. These absences are recorded as un-excused absences. While the teachers will do their best to provide make-up work or study packages, it is done as a courtesy and not as a requirement. School fees should be paid as usual.

EVALUATIONS

Missing Examinations or Tests

Students are required to be on time for all school appointments including exams. No additional time is allotted for lateness.

Missed examinations or tests will be rescheduled only on the following grounds:

- presentation of a medical certificate
- recent death in the immediate family
- court summons
- valid excuse from parents
- prior arrangements with the teacher

Provincial Examinations

Anyone who arrives for these exams fifteen minutes or later will not be admitted. The government makes allowance for valid absences such as illness, death, and civic duties provided official proof is presented. In each case the school must complete a request on behalf of the student who has a valid excuse and forward it to the Ministry of Education. If approved, the education ministry will send a new examination to the school for this student. Please avoid lateness and absence; no exception to the policy can be made.

ELECTRONICS

No electronic games should be brought to school or school trips.

Cell phones and headsets are not to be used by students from **8.00 am to 5.00 pm** at the school or travelling on our school bus to gym etc. Students who are seen abusing this school run will have their cell phones confiscated by staff for a period of one week – no exceptions made.

It is the policy of the school that if a student's account is more than **thirty (30)** days in arrears, the student is sent home until the payment is brought up-to-date or arrangements/new contracts are made with the finance officer. No other employee is authorized to make financial arrangements.

All major delinquent accounts will be subject to referral for collection. All financial accounts must be brought up-to-date before any school record is released.

GRADUATION

All students who successfully complete the Kindergarten, Grade 6, and Grade 11 classes respectively will graduate in a formal commencement ceremony on the third Sunday in June. The diploma that is awarded indicates that each graduate has successfully completed the requirements set by the Ministry of Education, Quebec, as well as the North American Division of Education. Therefore, seniors are required to pass all their provincial exams as well as the local school exams.

Students who do not attend classes regularly or timely in the last weeks of school or who demonstrate a non-compliant attitude, may have their privilege of participating in the graduation procession and/or graduation dinner revoked without refund.

FIELD TRIPS

Permission slips must be signed by parents/guardians before children are allowed to go on field trips. No child will be allowed to attend an off-campus activity if a permission slip has not been signed and returned to the school on the required date. Educational trips are an integral part of the curriculum. Consequently, every student is expected to attend so as to receive the exposure and marks assigned for related activities.

VOLUNTEERS

Volunteers are welcome since this gives meaning to the concept of "the community school." All prospective volunteers are requested to complete an application form and also give their consent for Greaves Adventist Academy to verify their police record. Volunteers who have a criminal record will not be eligible to volunteer at the school. There is no charge to the parents for this service. Parents are not normally assigned to serve in the classroom where their children are enrolled. The Principal will consider all exceptions.

If a student is school low in one or more subject area, they may be put on a term-based academic probationary period to monitor progress.

SUSPENSION

Suspension is the temporary prohibition of a student from attending class or school functions for a designated period of time. Generally, the student serves the suspension at home, but he or she may also serve an in-school suspension.

DISCIPLINARY REPORT

Violations of codes of conduct or classroom rules written or unwritten will be reported to Parent/Guardian in writing. Upon receipt of that report, each parent /guardian must communicate immediately with the Principal. Three (3) reported violations constitute an automatic suspension.

CONTINUOUS DISCIPLINARY PROBLEMS

Students with continuous disciplinary problems will be referred to the administrative committee/school board. A student who finds himself or herself out of harmony with the policies of the school, who is uncooperative, and or whose attitude gives evidence of an uncontrolled nature, may be advised to withdraw.

EXPULSION

Expulsion is the permanent dismissal of a student from attending Greaves Adventist Academy. Should a student show unwillingness to comply with the safe, behavioural, or academic codes of the school, a recommendation for expulsion will be made by the disciplinary/administrative/committees.

PARENTAL RIGHT TO APPEAL

Any disciplinary action may be appealed by a parent, sponsor, or guardian through written contact with the school principal. If satisfaction does not result, the parent, sponsor, or guardian may request a further appeal to the School Board through its chairperson. All decisions of the School Board at this point are final.

DAMAGE TO SCHOOL PROPERTY

Damage to school property including books and equipment, resulting from the action of a student, will be the responsibility of the parents.

TESTING – REFERRALS

If observations indicate a need for academic or psychological testing, the principal will make a request for the appropriate test to be completed by the parents.

TEMPORARY WITHDRAWALS

No child will be allowed to withdraw from school on a temporary basis without prior written requisition from the parent/guardian. This request must contain the reason for withdrawal, length of absence, and the proposed date of return. The school discourages temporary withdrawals because absences from school retard the academic progress of our children.

GAMES

All games and entertainment in the school must be in harmony with biblical values. Therefore, there should be nothing reflecting gambling, witchcraft, rivalry and other such vices. Clean—honest sportsmanship is required.

FAMILY PARTICIPATION

In order for Greaves to operate at optimum effectiveness, the school must have the cooperation of the parents. Parents are therefore asked to abide by the following regulations:

1. Communicate in a pleasant and cooperative manner in support and promotion of the school both on the school premises and in other settings.
2. Parents who intend to retain their children at Greaves Adventist Academy must complete a Re-registration form between the months of March to May, and pay the required fee. Enrolment cannot be assured unless this is done.
3. Parents should ensure that their children adhere to the STM and/or private bus regulations of safety and conduct.
4. Parents are required to make personal visits to the school at least four (3) times per year for conferences with school personnel. Parents are expected to attend interviews, when requested by the teacher and/or principal, regarding a student's academic and/or behavioural progress.
5. A parent or another responsible adult should be accessible by telephone in case of emergency. If there is a change in a student's telephone number and/or address during the school year, parents are responsible for notifying the school.
6. Parents are encouraged to become involved in other school-related activities such as: Parent-Teacher Committee meetings, recreational events, and field trips. Children's academic success is greatly influenced by parental involvement in school activities.
7. Parents are expected to supervise their children thus ensuring that they pay attention to their studies and also be on good behaviour in and out of the school.
8. Seeing that the children follow a good diet and get adequate rest are also important.
