

Fish Water Bottle Craft and Bible Verse Memorization Activity

DaniellesPlace.com

How to Make the Fish Water Bottle Craft:

1. Before class cut up tissue paper into tiny squares. Place glitter, sequins, gems, and confetti, on large paper plates.
2. Print out the Bible Verse Words on to colorful card stock and cut out the words.
3. In class have your children place tissue paper squares, glitter, sequins, gems, and confetti and word squares in their water bottles and then place the caps on the bottles.
4. Give them paper to draw fins. Have them cut out the fins and glue or tape them to the bottle.
5. To finish glue on googly eyes.

Play a Bible Verse Review Game: Have your children shake up their bottle fish. On the word go see who can find the words in the Bible verse in order to spell out the verse. The child that finds all the words first wins.

Watch a "View it and Do it!" Video on Youtube on how to make this craft:
