EMPHASIS: WOMEN'S MINISTRIES

Women's Ministries in the KS-NE Conference plays an important role in inspiring, training and equipping women for service to their families, local churches and communities.

The money you give today provides single parent families a retreat at Broken Arrow Ranch where caring speakers share insights and tools to equip them to be their very best. Families enjoy a long weekend of fun, encouragement and inspiration nurturing them in their important roles as parents.

Some funding for our annual Hispanic Women's Retreat and the Grand Island Women's Retreat come from this offering. These weekends are a highlight for the hundreds of women who attend each year. Women are inspired, encouraged and refreshed to give service to their homes, churches and communities. Retreats are an evangelistic tool as ladies bring their friends and make important commitments to Christ each year. Teens are inspired in their spiritual walks as well as given support and guidance for the challenges they face.

Here are a few comments women shared as a result of the retreats in 2018:

I feel more connected to God and what His purpose is for me.

My devotional time with God has taken off to a new level.

I have a renewed fire for the Lord. I am excited to dive into the Word using the new techniques. I am anxious to implement the new prayer ideas.

One Dad called our office and shared that since attending the retreat their teenage daughter is having devotions on her own with no prompting from them!

You will be supporting all these ministries and more this morning as you place your offering in the tithe envelope and mark it "NAD Women's Ministries." May God bless you! Thank you for giving generously!
