

School Year 2020-21

RE: Data and Online Portfolio Permission

Dear Parent:

As part of our goal to collect and document evidence of student learning, we will be taking photographs and videos of your child throughout the school year. This data will be used by teachers as evidence of learning and will be stored in a secure online portfolio.

During the school year, there are occasions where evidence of student learning will include partner as well as small and large group work. This work may be relevant to your child's portfolio and the teacher may choose to document this using photographs or video. Photographs/videos of your child engaged in partner/group work may appear on another child's portfolio, which may then be shared with another child's family. Teachers have a duty and a responsibility to be mindful of the images they share with other families. We are committed to being respectful with what we choose to post. This data belongs to you and your child and you may request to have it removed at any time. Anything posted to the shared portfolios must never be copied or shared by the viewing families.

I hereby authorize Okanagan Christian School to allow photos/videos involving my child to be posted to his/her online portfolio as well as classmates' online portfolios (please check yes or no):
