THE SKY CODERS – STEAM TEAM 2021

OAS Family, Thank you for your prayers and support. We finished the year strong attending our first Robotics Challenge.

We virtually attended the Adventist Robotics Challenge, hosted by Kettering College. Of the 55 teams that participated, we received 2 awards, 3rd place for robotic design and tied for 3rd place for over most point scored on the robotic game table, with a total of 200 points. These are not easy wins, they took many hours for focused diligent work. Please take a minute to congratulate our team members. Ashiyana, Siena, Zach, Lucy, Elijah, Michael, and Gabriel. They represented OAS well and have set their sights on higher possibilities for next year!

Congratulations to our STEAM team, Sky Coders! I know you worked hard to prepare for this event. I am so proud of you and your commitment to STEAM. I also want to say a BIG thank you to Edward Couchenour and Joy Jones for volunteering their time and for their dedication in leading this team. You are amazing and appreciated beyond words! Thank you for a wonderful year! -Janet Lopez, Principal

Pre-K

Mrs. Beth Kobliska
Mrs. Joanna Davis

Our Week

While continuing with our Outlook unit, we have studied about David and King Saul and also the story about a little boy sharing his lunch with Jesus. We learned about the more than, less than and equal symbols, talked about the Kite Festival in India, flew kites, and discussed the meaning of Earth Day.

Letter of the Week

We have finished the alphabet. For the rest of the school year, we will be reviewing the letters and their sounds.

Graduation Program

Pre-K and Kindergarten will all be participating in our graduation program on May 18. Be sure to save the date!

Snack Days

Monday April 26: Ada, Tuesday April

27: August, Wednesday April 28:
Cohen, Thursday April 29: Nick

Kindergarten
Mrs. Beth Kobliska

Theme

Next week we will continue our *Moving On* theme with *Arbor Day Square*, a book that follows Katie and her family, pioneers on the prairie, as they plant new trees and watch them grow along with their new little town. During Bible class, we will enjoy learning how thankful Abraham and Sarah are to God when Baby Isaac arrives, showing that God really does keep His promises. Our memory verse is: "God, I will give you thanks forever!" Psalm 30:12

Letter of the Week

We have finished the 26 letters of the alphabet and will spend the next few weeks learning about some common digraphs. This time our digraph will be /th/.

Reading

Reading logs are still a weekly requirement. Don't forget you can count the time they read to you from their little readers!

Graduation

It's hard to believe, but our school year is coming to an end. We will be having our graduation program on Tuesday, May 18 at 7 PM. Save the date now and be sure to invite your family members.

1st & 2nd Grade

Mrs. Kay
Sutherland

Hot Dog Roast and Vespers is tonight, FRIDAY, April 23.

The whole family is invited to the Sutherland barn at 6:00. I'm looking forward to seeing you all!

Please encourage your child to read and complete his/her reading

Thank you for keeping our parking lots safe.

Thank you for wearing your mask and physical distancing when visiting. ☺

log. It is 75 points on their reading grade each week.

Bibles are needed for each child! If you have not gotten a Bible for your child they are still needed. We are using them a lot now. Your child will need a International Children's Bible, New Century Version for 3rd and 4th grades too. You can purchase the from Sleepy Hollow or the Adventist Book Center online.

Spelling Test next Friday for first grade will be over these color words from lesson 27: blue, black, brown, green, yellow, white, pink, *orange, *purple, *color.

Spelling Test for second grade will be over these /ng/ or /k/ words from lesson 27: back, bring, clock, duck, hang, milk, sick sing, talk, truck, *along, *block,* something.

3rd & 4th Grade Mrs. Eva Hill

☺ **Science projects** (due May 17) will include a tri-fold display unit as you have seen on the assignment information sent home last week. These should be the 48-inch by 36-inch size. They are available at Walmart for \$2.79, as well as at other stores. The information that should be presented on this display is found on the diagram on page 3 of the assignment information. Students should be getting started on gathering their supplies to begin the experiment part of the project. These are not models or demonstrations, but are experiments with hypothesis designed by the student themselves. The written report will be done at school.

☺ **Congratulations to our great STEAM TEAM.** We are thrilled that you did so well in the recent competition. Proud of you all!

☺ **Spelling words for next week** are

from Theme 9 Week 1. Word lists are in the white Friday envelope. Tests are on Friday.

☺ **Treasure verse quiz next Friday, April 30:**

"Jesus answered, 'The Scriptures say: "No one can live only on food. People need every word that God has spoken."'" Matthew 4:4 CEV

5th & 6th Grade Mrs. Janet Lopez

Hello 5/6 grade parents! This week in Bible we continued to study baptism. We are playing a game with pastor Gil called, "Put Your Pastor in the Hot Seat." The students will ask Biblical questions and Pastor Gil will answer. Students have learned much about committing your life to Christ and baptism.

In English the students have been learning to use commas in appositives, after conjunctions, and in direct addresses. Remind students to read and take AR quizzes during library time. They need to earn 10 points this quarter.

In Math 5th grade has been learning how to find common denominators and to add and subtract fractions and mixed numbers. 6th grade has been learning to find the area of a triangle, Rhombus, and various other shapes.

Science is about mirrors and light and how they use reflection and refraction. In Social studies we are learning about the Roman Empire. Study for a Science test taking place next Tuesday over chapter 11.

Have a great Weekend!9.5

7th & 8th Grade Mrs. Lisa Tonack

-NEWS RETURNS NEXT WEEK.-

Library

Mrs. Jeanie Davis

A BIG Thankyou to everyone that has donated books to the library.

**-Last Week's Book was-
What were the twin towers?**

Questions were:

1. How many stories tall were they?
2. What was the guy's name that walked a tightrope between them?

Answers:

1. 110 stories tall
2. Philippe Petit

Come check the book out to find more interesting facts about the Twin Towers!

**-This Week's Book is-
What Was the Hindenburg?**

Questions are:

1. What kind of ship was it?
2. How many people survived the crash on May 6, 1937?

See you in the library!

COMPASS FELLOWSHIP NWA YOUTH

Hey youth, we're excited to see you again tonight for our second youth vespers 7-9 in the youth building, but if you come early you can hang out and play games till we get started. Snacks will be provided.

Community group classes will be meeting Sabbath morning. We continue to work towards meeting at 9:30 for group singing, with classes starting at 10.

Reminder, we're not requiring masks at these events, but we ask that if you're sick that you skip for this week and we'll look forward to seeing you at the next get together.

Thank you for keeping our parking lots safe.
