Remembering "G"

"G" was a worker bee. Whether in an office, her consignment store, or operating her successful cleaning service, her work ethic shone through. A client from California once moved her to Reno to be a nanny for their son, Giovanni, and maintain their new home, which she did for many years. "G" had two boys,

Shawn and Darian, who she loved dearly. They gave her three grandchildren, Shelby, Josh and Hayley. She was now Grandma "G". "G" was definitely 'Susie Spotless'. Her house was always immaculate, never a thing out of place. Her talent as a decorator was natural, her home had a warm, cozy feel and looked like a picture out of Better Homes & Gardens. She loved her condo on the Truckee River, it was her solace, a beautiful place to escape and relax. The love of her life in later years was her granddaughter, Shelby. She spent a lot of time with Shelby... baking, attending school events and just being together. Her other two grandchildren were many miles away, so it was a wonderful time in her life, being able to dote on a little one. I'm saddened that she didn't have more time in North Dakota to reconnect with loved ones and friends. We'll miss you, "G", but I know you're enjoying your reunion with other loved ones. Until we meet again, may the Good Lord bestow his Love and Blessings on you.

With a sad heart I am posting that G Richmond passed away Tuesday evening 11/14/23. She broke her hip in June and struggled with her health since then. She was hoping for a new start and to be closer to more family and friends, so we moved her from Reno back to where she grew up in North Dakota at the end of September. G was a wonderful and supportive grandma to my daughter Shelby Clayton. She would always come to Shelby's sports games (soccer, volleyball, basketball), her rabbit and horse 4-H shows, her music and school shows. She loved to spend time with Shelby and was one of her biggest supporters and cheerleaders. She always told everyone how proud she was of Shelby. She would even drive on the highway to get to Shelby's horse shows in Lemon Valley. She did not like driving on the highway! Shelby loved going to Grandma's house just to hang out, play games, play in grandma's pool, bake, do arts and crafts, etc. I am so grateful that Shelby had such a special relationship with her grandma, and that Grandma G loved her so much. G was the only grandparent Shelby ever got to really know and grow up with. G didn't like her picture taken usually, but luckily, I found some that we took. Rest in peace Grandma G. You will be missed. I hope you are flying high with the angels and having a wonderful time.
