

- In-person 2 day conference in York this week (15/16 Sept)
- Money course - online in October, in person end of November. I've had a good response from the contacts I have made with other organisations, and a few 'referrers' attending so they know what it is about
- Celebrating 2 years and trying to encourage more church people to get involved
- Client event on 2/12 - pray that both volunteers and clients will be keen to attend, and for the logistics of planning etc
