

AMI PACKET for 7th & 8th GRADE

****Each day should include a choice from at least four different categories. ****

Language Arts:

- Spend some quiet time reading for your 75 minutes of weekly reading (Reading Logs). (REQUIRED)
- Do the three activities from your spelling list for the current week.
- Write a "How-To" one-page (5+ paragraphs) essay describing how to do an activity you enjoy, examples: preparing for a day of fishing, baking chocolate chip cookies, how to plan a perfect slumber party, how to repair a flat tire on a car/bicycle, etc.
- Read an article/short story out loud to a parent/grandparent about something interesting to you or them.
- Read children's books to your younger siblings.

Bible:

- Design and color a stained-glass window on a piece of paper and add a favorite verse at the bottom of the page.
- Read a devotional for the day and write a half page summary of it. (RECOMMENDED)
- Write a monologue of a Bible character telling their story from their point of view.
- Read a chapter from the Bible and summarize it.

Math:

- Watch a youtube video of Khan Academy teaching math information relevant to 7th & 8th grade material. (RECOMMENDED)
- Write out 10 word problems using two-step algebra equations and solve them. Example:
If there is an initial fee of \$25 to go to an Escape Room, and each individual player costs \$5, how much will it cost for your group of 5 to go to the Escape Room?
 $5p + 25 = \text{Cost}$
- Choose a recipe. Write out the ingredients with their measurements. Then double their measurements and write them out. Then triple their measurements and write them out.

Science:

- Find a science-related YouTube video you are interested in, watch it, and write a page summary about it.
- Read to find information on your favorite animals and write a one-page report about it.
- Make a drawing of a forest biome with many of the types of vegetation and animals that would be there.
- Research an illness, disease or disorder and write a one-page paper about it. You could also create a slide show using Google slides for me to watch.

Social Studies:

- Find an online blank current map of the United States. Print it out. Label the states clearly with your handwriting and color.
- Find an online blank current map of Europe. Print it out. Label the countries clearly with your handwriting and color. You could do a map of South America this way also.
- Draw or create online a travel brochure or poster about a place you would like to visit.
- Make a mini-book on the life of an inventor, president, or a time-period that interests you in our United States history.

Art:

- Design/draw/color a funny cartoon strip
- Make a card to brighten a loved one's day and give it to them.
- Draw a pretty fall/winter/spring/summer scene.

*If you have a great idea of something you think I might allow, text me (479-549-7982) or email me ltonack@ozarkadventistschool.org to share your idea with me.
