Dear Parents,

We have our first week under our belts. It's gone very well. Your kids have been AWESOME!!! Masks have stayed on and no complaints! It's so much easier when the kids know the importance of wearing their masks. (We're sure we have you to thank.). We have been going over our procedures, and over, and over. They will be posted on the website so that you may see them. One other item, birthdays. We love to celebrate birthdays, and we know the kids like to bring treats. We have to change our policy this year. Please make sure any treats you bring are individually wrapped items. Sorry, no home-made treats. Just another precaution we need to take. We have 9 students in Lower Grades and 13 students in the Upper Grades. That makes a grand total of 22 kids.

We are going to get a treat this year. We will get to visit the Union College Library. The kids will be able to check out books, but we need for the books to stay at school. This way we can keep track of them, and the kids can have fun books to read during Independent Reading time.

You, as parents, have been so vigilant with the health of our school family. We just want you know that if your child is exhibiting symptoms, they must be symptom free for 24 hours before they can come back to school. Those are the instructions from the CDC. Every time you contact us, we consult the Union College nurse. Thank you for your careful consideration of all our families.

Thanks to all of you for the supplies! Some of you even managed to find some Microban!!! How you did, we'll never know. Please continue to keep your eyes peeled for Microban. It is hard to find. Currently we have 6 cans and bottles, we are thankful for those 6, but we will need more. Thank you for your wonderful support!

We are still looking into replacement hot lunch for hot dogs and choosing a pizza establishment. So, for now, hot lunch is on hold.
