

## A NON-EXHAUSTIVE LIST OF THINGS WE WILL REMEMBER ABOUT MAMA:

- Mama taught us about love when she said “ love is the only thing that multiplies when it’s divided”.
- Mama was a multitasker extraordinaire; often sighted driving the suburban with a carload of kids on curvy Cornville road heading to or from Cottonwood while nursing an infant, and doing her mascara.
- Mom had an affinity for kissing little baby bums. She said they were so pure!
- Emojis were invented for mama. Her texts were 50% emoji and she chose each one with great thought and intentionality. 📱❤️🙏🍀🌸🌻🌼
- Some of mom’s life mottos that she taught us over and over again were..... “kill them with kindness”, “stick to a task till it sticks to you”, “beginners are many and finishers few!” , “there is POWER in POSITIVE THINKING!”
- She had a matchbox car collection to rival any retail store, and she got down and played cars with her grandbabies; right down to the last two weeks of her life.
- Mama would teach us to speak to the plants as we planted them or watered them.
- There’s no one who could more effectively talk their way out of a speeding ticket, than Vicki Westover.
- One of the most inclusive, fearless people we know.
- When someone sneezed, mom would say, “Kazoogle-toogle!”
- She told some visitors a couple weeks before her passing, “The worst thing about this whole ordeal is...(long pause)... it just really cramps my style”.
- Mom loved playing the piano and organ in the temple. It was such a blessing to her.
- When asked, our mom summed her life up with these words: Blessings, miracles, hard work, surprises, joy, and gratitude.

### REMARKS FROM HER TWELVE CHILDREN

Our mama’s optimism, love, and enthusiasm widely blessed and enriched so many lives; undoubtedly each of yours. She had a unique and remarkable ability to endure hardship, maintain perspective, and love and serve tirelessly. Her optimism was a god-given characteristic that gave her wings to fly in this life.

Mom lived her entire life devoted to her Savior, Jesus Christ. There was never a question where mom stood in her convictions of the reality of a wise Heavenly Father and Mother and their eternal plan for us. We are forever grateful for this example she left us, and we love and miss her immensely..

We invite all of us to live each day a little more like our mama would; optimistic, kind, laughing, dancing, serving, and treasuring the moments you have with the people that God has given you. Thank you all for your support, prayers, love, and friendship over the many wonderful years and especially during this tender and difficult time.

### REMARKS FROM BRUCE

Our family had so much going most of the time, between kids and family, church, work, and community responsibilities. It was Vicki who frequently ended up, by default, doing so many of the things that took time and energy to do. She would stay up late every night to get it all done. She kept our home and family going and we were nothing without her love and service. I’m forever grateful to her and I love and miss her.

Thank you all for your continued love and support.
