 2:30pm, Lego Robotics

First Ski Day

Bible Study every Thursday night at 6:30 in the preschool. You are welcome to join us at any time as we go through the Bible and discuss how it pertains to our lives.

Hot Lunch—\$4
 Tuesday—Pizza Thursday—no hot lunch on ski days

Classroom News

Mrs. Davidson's Class

This was a short week, with the holiday on Monday and winter sports on Thursday. The kids are all very excited now that "ski days" have started - this is one of their favorite times of the year.

The 3-8th graders enjoyed their day up at Bogus Basin. Skills are improving already! The first graders had fun ice skating at Idaho Ice World. There were lots of sore bodies on Friday! We will do it again next Thursday.

Have a great weekend!

Teacher Martha's Class

We figured out that we have completed almost 100 days of school! So we will have a 100 day of school party! More details will come next week.

We have been working really hard on identifying all of our numbers and letters. I think over Christmas some of us lost a few of them. Daily we have been doing hands on activities to get us back up to speed. The kids have done well. We are starting the next level of phonics and are putting letters together to make words. This week we have spelled 8 words, learned what an 's' on the end of a word means and worked on identifying sounds such as middle, beginning and ending sounds.

We explored the Chinese New Year a bit. The kids practiced their 1-10 counting in Chinese...thankful for YouTube videos to help us out! Our theme book talked about Lucky Money that is given out in China for the new year. One of our former families helped the Adventurer club make some Chinese food and they brought an authentic Lucky Money envelope for the kids to see. On Friday, our class got to taste the food we made.

We continued learning about Moses this week and how he led his people through the Red Sea with God's help. What a great story and craft. There is a lot to be learned from the story of Moses.

Have a wonderful weekend and look for the 100 day party info next week!

Teacher Holly's Class

Our Bible story is about what a Special Friend Jesus is. There's room in Jesus's heart for all of us to be His special friend.

We are working towards recognizing not just the letters in our names, but the correct order. It's a little easier for those with 3 or 4 letters, as opposed to those with 7.

We learned about hole punches as we created Lady bugs in art.

Counting, days of the week and months of the year are on going throughout the year. It's fun to watch as they start to figure out what day or number comes next We also talk about what Brighteyes, the Mama bear does each month.
