HEREBY CONFERS UPON

Angelique May Flynn

THE DEGREE OF

MASTER OF SCIENCE

Maharishi AyurVeda and Integrative Medicine

In completing your program of study at Maharishi International University you have gained knowledge and experience at the forefront of your chosen field, and you have discovered that this knowledge is an expression of nature's universal intelligence, the unified field of natural law, which is your own Self.

Through your daily practice of Maharishi's programs for the development of consciousness, you have expanded your intelligence and creativity and achieved a more integrated state of brain functioning.

And you are growing rapidly toward the highest level of human development: Enlightenment—life spontaneously in harmony with natural law, with the ability to fulfill your desires easily.

During your studies you have also contributed vitally to creating peace, positivity, and harmony on our campus and throughout society.

May you enjoy the highest levels of fulfillment and success, achieving your personal aspirations and helping to create a better world for all.

Presented this 24th day of June, 2023 in Fairfield, Iowa
