Parent or Guardian:

I understand that the Internet can provide students with valuable learning experiences through access to computers around the world, but that the school cannot control what is on those computers. I accept that, while teachers will always be watchful of what students are doing online, protection against exposure to harmful information must depend finally upon responsible use by students.

I believe _____ (Name of student) understands this responsibility, and I am hereby giving my permission for him/her to access the Internet under the school rules. I understand that students breaking these rules will be subject to appropriate action by the school. Any activity not in compliance with these rules may result in a loss of access as well as other disciplinary or legal action.
