

AHMET KAYHAN

Founder
Board Director
Advisor

Ahmet Kayhan, is a serial tech entrepreneur and angel investor with extensive experience in the fields of Fintech, Proptech, Data Analytics, Blockchain, Network Effects, Emerging Markets, Venture Capital and Private Equity.

Currently Mr. Kayhan serves as the Regional Managing Director and Board Member of DGPAYS Middle East & Africa, a leading and fast growing B2B Fintech Company with operations in Turkey, UK, US and Asia.

Mr. Kayhan also is an Executive Board Director of Dogus Group (Dubai) where he also works as a Senior Advisor to the Chairman & CEO of the Group, focusing on Group's strategic partnerships in the MENA and Asia Regions with a specific focus on Technology, Media and Real Estate sectors.

Mr. Kayhan is a renowned figure in the PropTech industry in the region as well. He has established two successful businesses: REIDIN Data Analytics, a data analytics firm specializing in real estate, retail and location analytics in Emerging Countries with a base in Dubai and Istanbul, and Zingat.com, an acclaimed online real estate marketplace based in Istanbul that focuses on the Turkish real estate market. Before setting up Zingat.com and REIDIN, he was the Regional Director of MENA Region at ISI Emerging Markets (a Euromoney Institutional Investor enterprise) - one of the world's first online B2B data companies - and the Founding Global Business Manager of IFIS (Islamic Finance Information Services), which he served from Istanbul, London, Cairo, and Dubai.

Mr. Kayhan is also a Board Member of Turkish Business Council under Dubai Chamber of Commerce and member of ULI – Urban Land Institute, Propeller Club and Galatasaray Sports Club; he is a prominent speaker and moderator on various regional and international conferences and events.

Company Info:
