**Do you want to accept the challenge of reaching people for the Lord?** Here is an opportunity that is unique and will help you fill that urge to reach others. Dale Richardson is looking for an Adventist Mechanical and Civil Engineer/Technologist who are willing to use their degrees in Engineers to reach out to others for the Lord. Currently I am working in my local community using my engineering diploma and STEM as a whole to create points of contact within the Indigenous community and our whole community. I would like to expand this program to other communities, so I am looking for Adventist Civil and Mechanical Engineers/Technologists, that would be interested in using engineering to open doors for the gospel work. If you are interested in learning more about this exciting new way of spreading the gospel message please contact me, Dale Richardson, at 306.441.4626 or through e-mail at [dalejsr74@outlook.com](mailto:dalejsr74@outlook.com)

### EXERCISE

The U.S. Surgeon General’s Report on Physical Activity and Health states that physical exercise is the single best predictor of longevity. If you want to live longer, you have to exercise. Pick an activity that you like to do and start doing it regularly.
