

Obituary

Michael David Morris, Jr., 38, of Bruceville-Eddy passed away alongside his son, Braxton Johnson on Saturday, October 5, 2024.

Michael was born July 15, 1986 in Topeka, Kansas, but moved to Bruceville-Eddy shortly after. He had a big heart and infectious smile that was felt by those lucky enough to know him. He loved WWE wrestling and was an avid Marvel fan and collector and loved watching the Marvel movies. Michael also loved cook-outs with family and friends, fast cars, riding his beloved Harley and eating his Blue Bell Great Divide ice cream, which he rarely shared with anyone. Michael's love for life and for his family and friends was evident. He was the kind of person that would give you his last dollar, the shirt off his own back and would help in any way possible. His favorite saying was, "Mind Over Matter - If you don't Mind, it don't Matter!"

Michael was preceded in death by his mother, Melissa Northrup; his father, Michael Morris; grandparents, Richard and Brenda Solomon; uncle, Clay Leger; grandfather, Fredrick Morris; and aunts, Laura Morris and Lisa Morris.

Michael will be greatly missed by so many that loved him and were a big part of his fast-paced life. But comfort is felt knowing he is reunited with his mother he lost so many years ago, along with others that left before him that he dearly missed.
