- Complete your contact information on the back of this form. When the form is returned, the next number space will be assigned to you.
- After all the squares have all been sold, the numbers for the tenths and hundredths places on the board will be randomly assigned.
- After each swimming event is completed, use the last two digits of the top three finishers will be used to determine the payouts.
 - Example - 1st Place 50 Free time is 24.19. You use the 1 (tenths) on the **BLUE** portion of the bracket and move over to the 9 (hundredths) on the **RED** portion of the bracket to determine the winner. The square where these numbers align is the winner.
