World Squash Day

What are you doing for World Squash Day 2020?

Squashies will be taking it to the streets, squash courts and social media on Saturday October 10<sup>th</sup> as part of the biggest celebration of our great sport.

With coronavirus restrictions making it difficult for clubs to hold club open days on World Squash Day, squash players are invited to get creative in order to promote the game.

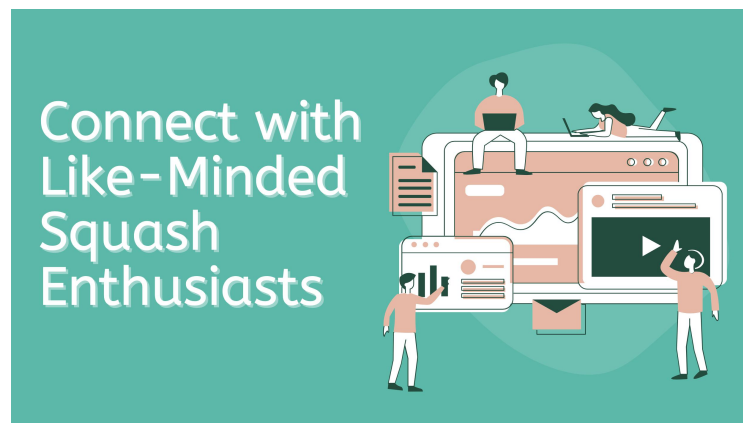

If you and your club, school or association are doing something for World Squash Day, please be sure to let us know!
