Literature & Additional Information:

PRODUCT DESCRIPTION

This microfiber terry mitt can be used wet or dry on virtually any surface. Dampen the mitt with water to remove smudges, grease and grime with ease. Leave it dry and the electrostatic charges in the fibers make the mitt a dust magnet. Great for detailing the interior and the exterior of any vehicle. The elastic cuff fits snug around your wrist to help keep the mitt securely on. Made of the same material use to do polishing and shining. Typically used to shine the exterior of your car or to dust the inside, this mitt is also absolutely perfect to dust furniture. Use wet to clean or dry to dust. 1 Pack. Size: 7" X 9". Color: Blue with black cuff. Care instructions: Machine wash warm with mild detergent. Do not use fabric softener, chlorine bleach or dryer sheets. Wash with like colors, non linting fabrics and tumble dry on low heat. Do not iron.
