

**“Wiser Time”**

No time left now for shame  
Horizon behind me, no more pain  
Windswept stars blink and smile  
Another song, another mile

You read the line every time  
Ask me about crime in my mind  
Ask me why another road song  
Funny but I bet you never left home

On a good day, it's not every day  
We can part the sea  
And on a bad day, it's not every day  
Glory beyond our reach

Fourteen seconds till' sunrise  
Tired but wiser for the time  
Lightning 30 miles away  
Three thousand more in two days

On a good day, it's not every day  
We can part the sea  
And on a bad day, it's not every day  
Glory beyond our reach
