

November 20, 2020

Public Service Announcement
Leave collection

As of today, we've raked, blown, collected, and hauled away 133.8 tons of leaves. We've completed two full passes of leave collection, and in some areas even more. We are currently working in area #7, and we will be back to work in that area on Monday, November 23rd, 2020. Starting over, area #1 will go fast, so we will be in area #2 pretty quickly. We will follow the route below.

Historically, we collect leaves until the first week of December, so we still have time to get your leaves collected. We will keep going and make every effort to complete four passes, unless the weather stops us. As a reminder, please get your leaves out, we still need to collect leaves in our Parks and Cemetery. Usually the remaining passes go quickly, so please be in front of us so we don't miss you.

If you have questions or concerns, I can be contacted by email at jtadkerson@cityofbuchanan.com
