Key Concepts for Spiritual Growth

In modern terms, the fear of God means to take God seriously enough to enter into a relationship with Him, to follow His warnings to avoid evil, and to do His commandments, even the ones that may be inconvenient---or worse. It is a call to live and act as those who know that they will give account to God one day. According to this verse, such a serious calling will be a part of the experience of God's end-time people. (Rev. 14:7)

How to Hear the Voice of God

Mental Pictures

The prophet Nathan told a story about a lamb, which was no coincidence, given that David was a shepherd long before he was a king. That story bypassed David's defense mechanisms (the prophet chose not to be direct). Nathan tapped the part of the heart that only stories can, and resulted in full repentance.

Nathan used that word picture for the same reason Jesus spoke in parables. Word pictures take a little more time and effort to construct, few things are more effective when it comes to speaking the truth in love. Maybe that's why God speaks in moving pictures and mental pictures.

If you stay humble and stay hungry, there is nothing God cannot do in you or through you. In fact, the humbler you are, the bigger the dream God can entrust to you, because He knows that He'll get the glory.

Nothing keeps us on our knees like God-sized dreams. They force us to live in raw independence upon God. Without Him, the dream cannot be realized. **God-sized dreams force us to lean in a little closer, and that's when God has us right where He wants us.**
