

## IT'S MY TIME

Where do we go when it's time to leave? It's my time  
Through the tunnel of light, where it's clear and bright, It's my time  
My friends are all waiting on the other side  
I'm a little bit scared, but my angel's at my side, It's my time  
I know you'll cry, But it's my time  
I know you'll be wondering 'why. Why, why?' But it's my time  
I can't stay on Earth where my work is done  
Heaven is great, I'm happy and it's fun, It's my time  
I'll always love you and you'll always love me, But it's my time  
Never forget me, but I want you to move on 'Coz it's my time  
All good things must come to an end  
You're in my heart, and you'll always be my friend But it's my time  
Although we must part it's only for a while It's not your time  
Make me proud as you carry on It's not your time  
I'll wait for you till you're old and grey  
I'm sorry that you have to stay It's not your time  
Life is precious and although it's not the same It's not your time  
Life will go on; I think you'll find It's not your time  
I want you to promise that while I am away  
You'll love one another, I hope and pray  
It's my time, it's my time.....It's my time
