1.0 About Squash Australia Tournaments

1.1 Squash Australia

Hosting a Squash Australia tournament brings reputation and status to the host community. Tournaments of this size tend to attract hundreds of players, parents, spectators, officials and staff. With proper media and promotion of tournaments, we can collectively increase the number of attendees, as well as increase exposure for the event *and* Squash Australia. This will in turn increase revenue from the tournaments, inevitably funding future Squash Australia development programs and events.

1.2 Squash Australia Tournaments

This document will provide the potential host with the opportunity to bid for upcoming tournaments across Australia.

Australian Junior Open

The Australian Junior Open (AJO) is a junior individual tournament (U/11 - U/19) that has entrants fly in from other countries specifically for the tournament. The AJO is a great chance for players to compete against international opponents and increase their national ranking. The AJO brings over two hundred players, parents and spectators to the host city/town, increasing tourism for the local community, thus a favourable aspect of hosting an AJO. The AJO is an expression of interest event.

Australian Junior Championship

The Australian Junior Championship (AJC) is the only tournament that is on rotation around Australia. The tournament boasts a large number of entrants Australia wide. This tournament is often a highlight of young player's tournaments, as it facilitates team work and simultaneously builds friendships and develops skills. Bidding for this tournament may be done so by affiliated state clubs, if their state is on rotation for that specific year. The AJC must be held in a major city with an international airport, or within 100km of an international airport.

Upcoming AJC Hosts:

2020	Australian Capital Territory
2021	Western Australia
2022	Queensland
2023	New South Wales
2024	South Australia
2025	Victoria
2026	Northern Territory
2027	Tasmania

Oceania Junior Championship

The Oceania Junior Championships (OJC) is held biennially in Australia and is in rotation with New Zealand every other year. The tournament allows Australian players to travel in large numbers to New Zealand and vice-versa, with New Zealand and other Oceania affiliated players participating in the tournament. A tournament of this capacity allows Squash Australia and the host affiliate to make great connections with New Zealand and other representative countries. States may express an interest in running this event.

Australian Open

The prestigious Australian Open (AO) is the pinnacle of Squash in Australia and is held annually attracting player's worldwide to compete in a PSA tournament. The tournament is PSA registered which ensures rankings are allocated. The Australian Open is a great opportunity for young and establishing players to watch world class squash on some of Australia's best courts. This event is open to expressions of interest. We encourage adding a Premier, B and D graded event to this competition.

Australian National Championships

The Australian National Championships (ANC) is a national championship. This can be a PSA registered event which allows Australians another opportunity to gain points on the PSA World Rankings. This tournament is open to expressions of interest and it is hoped this event will add doubles and a graded A, C and E event.

Australian Doubles

The Australian Doubles (AD) is the pinnacle of Squash in Australia and is held annually attracting player's worldwide to compete. We encourage adding a Premier, B and D graded event to this competition.

Australian National Club Championships

The Australian National Club Championships (ANCC) is a national club championship. The event attracts the best players from around Australia and has a graded section as well.
