

# SAM FOX SCHOOL OF DESIGN & VISUAL ARTS

## FACULTY DISSEMINATION TRAVEL AWARDS

Faculty dissemination awards are intended to promote the original research and creative work of faculty within the Sam Fox School at national and international conferences and exhibitions. Through the presence of faculty at significant scholarly gatherings and exhibitions, the school will continue to build its reputation for creative practice while supporting the recruitment of exceptional academic peers and students.

All tenured and tenure-track faculty members are eligible to apply upon director review of application. To qualify for an award, faculty members must actively participate in a conference by presenting their original work or scholarship, delivering a keynote address, chairing a panel, or contributing as an invited participant on a panel or formal discussion. In addition, faculty who disseminate creative activity and research through national and international exhibitions may also apply for an award.

Applications must be reviewed by the faculty's college director prior to submission. Applications must be submitted in advance of travel with adequate time for the Dean's Office to review. No awards will be made retroactively and travel must comply with all current University protocols. Awards up to \$1,200 will be awarded for domestic travel and expenses; awards up to \$1,800 will be awarded for international travel and expenses. Payments will be made in the form of reimbursements through Workday. Original receipts will be required. Faculty are eligible for up to two dissemination travel awards per fiscal year.

Please attach any relevant letters of invitation, paper abstracts, or other supporting documents to your application.

If presenting at a conference, provide a brief overview of your role (presenter, panelist, keynote, etc), the creative work/research you will present or thesis of the panel you will participate on or chair. If you are taking part in an exhibition, provide a description of its relevance to your research and creative work.

**Development Funding and Travel Budget**

Faculty travel awards are supplemental to professional development funds. Applicants will need to demonstrate productive use of their development funds in support of their creative, scholarly, or research work to qualify for dissemination travel awards. When possible, development funds should be used to match grant funds for travel.

Itemized budget of your development fund spending for the academic year (account for all of your development funds for the year, indicating what has been spent as well as spending that is anticipated):
