## 1. Purpose

To ensure that all Squash Australia (SQA) athletes follow safe and consistent process for health and medical insurance purposes.

## 2. Background

SA athletes train and compete interstate and overseas on many occasions. The high training load of an SA athlete can increase the risk of injuries. On occasions training and competition may be part of a SA event. Injury abroad, especially in the USA can be a very expensive and we recommend all players take out both Health insurance for in Australia and a global travel insurance policy.

### 3. Standards

- a. All SQA athletes when training and travelling on the World Tour must have their own medical insurance.
- b. SQA will not be liable for any medical bills incurred, unless an SQA employee or contractor is proven to be at fault for the injury.
- c. SQA will not cover the gap payment after health insurance has been claimed.
- d. SQA has sourced partnerships with medical facilities in the Brisbane and Gold Coast area where SQA athletes can receive medical treatment at discounted rates.
- e. SQA athletes receive funding through SQA (dAIS) to cover all the above health insurance costs incurred with training, travelling, medical and other expenses involved with training and competing internationally on the World Tour.

Please note that only Squash Australia teams are covered for Team events where there is a official selection process and Squash Australia National Coaches attend.
