Welcome Back to School!

As we start a new school year, we pray that God will lead and guide us in our studies and in all we do at school with our teachers and our classmates. We are looking forward to a great year with God's help!

Poetry Corner:

Last week we started school and it was really cool. we started with the basics and how they fit into our school matrix. We did a little math and had a lot of laughs. We keep playing dodge ball at least until the smoke falls. – Luke (grade 5)

Summer is hot
 Sun beating down
 Sticky, sweaty, sunburned
 But at least I can go swimming. – Reesie (grade 2)

How To:

- Cucumber Salad
- Step 1 – Wash and peel cucumber(s)
- Step 2 – Dice cucumber(s)
- Step 3 – Mix together 8 oz. of softened cream cheese and 1 cup of sour cream
- Step 4 – Dice 1/3 of large onion, add cream cheese mixture
- Step 5 – Add diced cucumber(s) to mixture
- Step 6 – Add a dash or 2 of Worcestershire sauce
- Step 7 – Add salt and pepper to taste
- Step 8 – Mix everything together
- Step 9 – Spread on bread
- Step 10 – ENJOY! – Nolan (grade 4)

Classroom News

Grades 3-6

This week and last week we talked about rules and did testing. We made a lot of crafts and had extra recess. We set up our desks and got a lot of new students. We got new friends and played games. We also played chimes. – Cadance (grade 5)

Grades 1-2

This week in 1st and 2nd grade, we got a new student named Kaleb. For Science class, the lower grades looked for bugs in their habitat. They also drew pictures of different animal habitats. We have a class pet – a female betta fish. The boys named her Bubbles, and the girls named her Violet, so her official name is Violet Bubbles. On bad-air days and for lunch recess we play in the gym. Some students have been doing gymnastics, and others have been playing dodgeball. Every day we practice a song to learn the books of the Bible. We also do math drills every morning. In Art on Fridays we are learning about lines. We have also been working on language assessments. – Kendall (grade 1)

Childcare/ Preschool

I interviewed teacher Martha and asked her some questions about what the preschool/summer camp has done this week. They have painted, they played in the gym, made rubber band bracelets, and played with games in their classroom. They don't like the smoke because they have to stay inside instead of going outside. the preschool gets about 20 kids every day. They say they are very blessed because they are full! – Havilah (grade 5)

Student Spotlight:

Joshua likes the color blue and Math. Joshua likes pizza and loves ice cream. He likes Vanilla. His favorite drink is Orange Crush (but his mom never buys it for him). Joshua is 11 years old but when he grows up, he wants to be an engineer. Joshua's dream dog is a golden retriever but he has a border collie Australian Shepherd mix. How did you like learning about Joshua? – Makenzie (grade 4)

Geography Spotlight:

The Amazon River

Where is it? South America

What kinds of Animals live there? Piranha - a fish with teeth!, electric eels, snakes, crocodiles, capybara, and lots of monkeys.

Fact: The Amazon is the biggest river in the world! – Skylar (grade 3)

Devotional Thought:

We learned God created everything. God created animals, fruit, the sun, trees and leaves. God loves everyone. God made winter, summer and spring. God makes people happy. God made water, sand, Adam and Eve, boys and girls, fish and grass, air, food, kids, boats, the flag and clocks. He created time, flowers, the earth, babies, woods and art. – Sydney (grade 3)
