

PRAYER TOPICS

WEEK BEGINNING 11th April 2022

This is Holy Week, and there are opportunities to join with others Thursday, Friday and Sunday. It has therefore been decided that instead of another meeting on the Wednesday we will have Prayer Topics instead.

This is the time we think about the journey Christ made up to Jerusalem, His death and resurrection. When Jesus arrived at the temple he found that it was being misused. We are told that our bodies are the temple of the Holy Spirit. Are there things going on in our lives that need to be thrown out?

This week let us simply contemplate on Christ's journey. He knew that this was his final journey. Here we see Jesus enter Jerusalem on a donkey, as did King David. The people did not realise that Jesus was the King of Kings. Do we? He was betrayed by one of His own, He was denied by one of His own. Do we?

His disciples bickered with one another as to who would be the greatest instead of looking after one another. Do we? Then we see the horrendous mistreatment and finally His death. Contemplate the consequences of his beatings with whips, his shedding of blood. What does it really mean for us? Think what happened when He died, was there a battle with Satan on our behalf? Can you imagine Satan laughing as Christ gave up his last breath on the cross, little knowing that that was the beginning of the end of Satan's rule.

Then the glorious Sunday when he rose again having conquered death and sin.

HALLELUJAH WHAT A SAVIOUR.
