Biblical Hospitality – Are you prepared to receive the guests that arrive at our Moses Lake Church? Do you want to be better prepared? Dr. Tim Madding, Lead Pastor of the Beltsville SDA Church believes that the local church is God’s primary tool for the salvation of the world and has prepared a video series titled Biblical Hospitality. Come watch the first session after potluck, Sabbath, October 6. Everyone will benefit from this seminar.

On October 10 they will be dividing up and going to Adventist schools throughout the conference. We would like to invite those who are able to join with them in this work bee.

The Appearing With Shawn Boonstra: The ancients predicted it. Millions of people can't stop talking about it. And even though global unrest and natural disasters indicate it will happen soon, few agree on exactly how or when it will happen. Is it possible that many people are making a mistake about *The Appearing*—an event mentioned more than 2,500 times in the Bible? This great outreach opportunity begins October 11 at 7 pm at the Crestview Christian School Chapel.

ACS Responds To Help Hurricane Florence Victims

ACS DR in both South Atlantic and Carolina conferences were mobilized before Hurricane Florence hit the North Carolina coast on Friday, September 14.

The aftermath of Florence, which included 32 storm-related deaths (25 in North Carolina, six in South Carolina, and one in Virginia), has caused thousands to be displaced from their homes due to flooding and loss of power.

South Atlantic Conference has provided temporary shelter at River Oaks Camp in Orangeburg, South Carolina. The American Red Cross is also partnering with ACS DR. They have provided 200 sleeping cots; needs assessment will continue in order to provide additional help as necessary.

As residents begin the process of returning to homes and businesses, Carolina Conference is providing flood buckets filled with supplies to residents to assist in the storm clean up. ACS DR is working to provide gift cards along with the buckets.

On Sept. 18, ACS was also asked by Hanover County to manage warehouse for Wilmington, North Carolina, one of the hardest hit areas. “They sustained a lot of damage and, right now, we’re looking for a warehouse facility,” said Derrick Lea, NAD ACS Director.

Twelve families from North Carolina are sheltering at the University of Maryland in College Park after their homes were affected by Florence. Maryland DHS requested that ACS help with spiritual care, as well as supervised child care for the children. These families will remain at the university at least until this weekend, until the Federal Emergency Management Agency (FEMA) relocates them to hotels. Potomac Conference ACS has been asked to assist in efforts.
