Website: www.fiveoaksschool.org

Dear Prospective Parent and Student:

Thank you for requesting information regarding the Five Oaks Adventist Christian School (FOACS). We are a small but fully accredited institution with two certified teachers and qualified volunteers. Our school belongs to the largest Protestant system of elementary, secondary and higher education institutions in the world. To know more about our educational system, please visit www.nadeducation.org. To learn more about our specific school, please visit our website at www.fiveoaksschool.org. You can call 919.493.5555 to inquire about an education consultation to determine if your children will prosper within our educational program. Please leave a message.

Our goal at Five Oaks is to provide excellence in education, build-up critical thinking skills and begin developing children for service to our community. In doing this we provide sound teachings in all the general education subjects. Plus, even though we are small, we provide quality training in art, music, personal growth skills, community service and friendship skills. One of the best features of our school is the safety we offer your child. Our students are well supervised and we strive to instill in our school family the necessity of good moral conduct.

Our school offers a multi-grade learning environment. This has proven to be beneficial to students in many areas. If a student is advanced in a certain area, such as math, that child is simply placed in the appropriate grade level without having to change classrooms. If a child needs more instruction, again, multi-grade allows for that to be easily accomplished. Often times a younger grader may listen in on what is being taught to those in a higher grade. This form of active listening provides opportunity for a student to learn beyond their grade level, so it isn't new when they have it in their future lessons. Likewise, if an older child didn't quite catch on to a concept, oftentimes when it is heard again, "the light comes on" and they have "caught up" on what they may have not been able to understand the first time around.

If you are interested in Christian education and want to learn more about our grades K- 8 school, please contact me @ 5oaks4him@gmail.com. You will find the needed forms for registering your child as well as other information on our website. I will be happy to speak to you individually, show you our facility and share our plans for the future.

Sincerely,

Steven Champion

Head Teacher

Five Oaks Adventist Christian School
