TESTIMONIALS

The experience Sean has gained over the last decade are second to none. Sean has been involved in every area of management in a solicitors practice. Sean has worked successfully on many different projects, such as, researching and diversifying in to new areas of claim, successfully converting to an ABS, raising working capital, working with litigation funders in respect of unique funding lines, amongst many others. I could not recommend him more highly."

David Brown, Employment solicitor and Director of Planet Employment.

"Having worked with Sean for a number of years in his capacity as Director of High Street Solicitors, we have been most impressed by his expertise in a wide variety of legal areas but also his dedication to our business relationship. Sean has always found the time, in an increasingly busy day, to engage in detailed conversations about specific cases, thus ensuring we always have a full overview of his practice, and sometimes an education on a new area of law! His knowledge combined with his easy going and honest approach has meant we have built a strong relationship with Sean and his former solicitor practice .."

Simon Pinner – Owner & Director of Box Legal Limited

"I have known Sean for many years. Rarely have I met someone with the range of contacts that are useful to any firm. Sean has also developed new areas of legal work that I hadn't even considered before, and is able to back that up with significant experience within the legal world"

Quintin Hasler – Partner Mercury Legal LLP
