

Checklist for AAPOR TI

Survey: Georgia Pre-election poll

TI Disclosure Elements	Answers
1. Who sponsored the TI Research and who conducted it. If different from the sponsor, the original sources of funding will also be disclosed.	Emerson College
2. The exact wording and presentation of questions and response options whose results are reported. This includes preceding interviewer or respondent instructions and any preceding questions that might reasonably be expected to influence responses to the reported results.	See Below
3. A definition of the population under study and its geographic location.	Likely Voters in Georgia
4. Dates of data collection.	October 17-19, 2020
5. A description of the sampling frame(s) and its coverage of the target population, including mention of any segment of the target population that is not covered by the design. This may include, for example, exclusion of Alaska and Hawaii in U.S. surveys; exclusion of specific provinces or rural areas in international surveys; and exclusion of non-panel members in panel surveys. If possible the estimated size of non-covered segments will be provided. If a size estimate cannot be provided, this will be explained. If no frame or list was utilized, this will be indicated.	Data was collected using a list of 10,000 mobile numbers and 18,000 landlines provided by Aristotle Inc. with an online panel provided by Amazon Mturk of n=213.
6. The name of the sample supplier, if the sampling frame and/or the sample itself was provided by a third party.	Aristotle, LLC MTurk
7. The methods used to recruit the panel or participants, if the sample was drawn from a pre-recruited panel or pool of respondents.	MTurk uses opt in panels and not online ads to recruit participants
8. A description of the sample design, giving a clear indication of the method by which the respondents were selected, recruited, intercepted or otherwise contacted or encountered, along with any eligibility requirements and/or oversampling. If quotas were used, the variables defining the quotas will be reported. If a within-household selection procedure was used, this will be described. The description of the sampling frame and sample design will include sufficient detail to determine whether the respondents were selected using probability or non-probability methods.	See #5
9. Method(s) and mode(s) used to administer the survey (e.g., CATI, CAPI, ACASI, IVR, mail survey, web survey) and the language(s) offered.	IVR and Online and SMS-to-web

<p>10. Sample sizes (by sampling frame if more than one was used) and a discussion of the precision of the findings. For probability samples, the estimates of sampling error will be reported, and the discussion will state whether or not the reported margins of sampling error or statistical analyses have been adjusted for the design effect due to weighting, clustering, or other factors. Disclosure requirements for non-probability samples are different because the precision of estimates from such samples is a model-based measure (rather than the average deviation from the population value over all possible samples). Reports of non-probability samples will only provide measures of precision if they are accompanied by a detailed description of how the underlying model was specified, its assumptions validated and the measure(s) calculated. To avoid confusion, it is best to avoid using the term “margin of error” or “margin of sampling error” in conjunction with non-probability samples.</p>	<p>The sample consisted of registered voters, n=506, with a Credibility Interval (CI) similar to a poll’s margin of error (MOE) of +/- 4.3% percentage points.</p> <p>A screening question was asked if the voter was registered and the voting intention. If the respondent said they were not registered or were not voting, they were eliminated from the sample.</p>
<p>11. A description of how the weights were calculated, including the variables used and the sources of weighting parameters, if weighted estimates are reported.</p>	<p>The data was weighted by gender, age, education, race and region based on 2016 voter turnout modeling. 2016 vote magnitude was used but new voters were included based on their actual sample (7.5%) and was based on Aristotle Voter turnout modeling</p>
<p>12. If the results reported are based on multiple samples or multiple modes, the preceding items will be disclosed for each. Reviewer: Type NA if not applicable.</p>	<p>N/A</p>
<p>13. Contact for obtaining more information about the study.</p>	<p>emersonpolling@emerson.edu</p>

1. To start, can you please tell me your gender?
Male
Female
2. Do you approve or disapprove of the job Donald Trump is doing as President?
Approve
Disapprove
Neutral or no opinion
3. What is your party affiliation?
Not registered to vote (end)
Democrat
Republican
Independent or other
4. When it comes to voting in the November election, which of the following best describes your intention?
I do not plan to vote in the election (end)
I already voted
Voting early either by mail or in person (go to 6)
Voting on election day (go to 6)
Not sure how I will vote (go to 6)
5. Who did you vote for?
Donald Trump (go to 9)
Joe Biden (go to 8)
Someone else (go to 10)
6. If the Presidential Election were held today, would you vote for Donald Trump or Joe Biden?
Donald Trump (go to 9)
Joe Biden (go to 8)
Someone else (go to 10)
Undecided (go to 7)
7. Which candidate are you leaning towards at this time?
Donald Trump (go to 9)
Joe Biden (go to 8)
8. How excited are you to support Joe Biden?
Extremely excited (go to 10)
Very excited (go to 10)
Mildly excited (go to 10)
Not that excited (go to 10)

9. How excited are you to support Donald Trump?
Extremely excited
Very excited
Mildly excited
Not that excited
10. If the election for US Senate was being held today, for whom would you cast your vote?
Republican David Perdue
Democrat Jon Ossoff
Someone else
Undecided
11. If the special election for US Senate was being held today, for whom would you cast your vote?
Republican Doug Collins
Democrat Matt Lieberman
Republican Kelly Loeffler
Democrat Ed Tarver
Democrat Raphael Warnock
Someone else
Undecided
12. If the runoff election for US Senate was being held today, and the candidates were Republican Doug Collins and Democrat Raphael Warnock, for whom would you vote for?
Republican Doug Collins
Democrat Raphael Warnock
Undecided
13. If the runoff election for US Senate was being held today, and the candidates were Republican Kelly Loeffler and Democrat Raphael Warnock, for whom would you vote for?
Republican Kelly Loeffler
Democrat Raphael Warnock
Undecided
14. Who did you vote for in the 2016 election?
Donald Trump
Hillary Clinton
Someone else
Did not vote

15. For statistical purposes only, can you please tell me your ethnicity?
- Hispanic or Latino of any race
 - White or Caucasian
 - Black or African American
 - Asian-American or Pacific Islander
 - Other or multiple races
16. What is your age range?
- 18-29 years
 - 30-44 years
 - 45-64 years
 - 65 or more years
17. What is the highest level of education you have attained?
- High school or less
 - Some college
 - College graduate
 - Postgrad or higher
18. Please select the type of area where you live
- Urban/city
 - Suburban
 - Rural
19. How long would you be willing to wait in line to cast your vote on election day?
- I already voted
 - Less than an hour
 - 1-2 hours
 - 2-3 hours
 - More than 3 hours or as long as it takes
20. Do you feel that the voting process in Georgia is easy, or difficult?
- Very easy
 - Somewhat easy
 - Somewhat difficult
 - Very difficult
21. When deciding for whom you will vote for President, which of the following is the most important issue?
- Climate change
 - Social justice
 - The economy

Supreme Court
COVID-19 response
Healthcare
Something else

22. How much of a threat to public health in the United States do you believe Coronavirus is?

Major threat
Moderate threat
Minor threat
Not a threat

23. Have you heard of the theories related to QAnon?

Yes
No (go to 25)

24. Do you think that QAnon theories are accurate?

Yes
No
Unsure

25. What congressional district do you live in?

1st district: Rep. Buddy Carter (R)
2nd district: Rep. Sanford Bishop Jr. (D)
3rd district: Rep. Drew Ferguson IV (R)
4th district: Rep. Henry "Hank" Johnson Jr. (D)
5th district: Vacant
6th district: Rep. Lucy McBath (D)
7th district: Rep. Rob Woodall (R)
8th district: Rep. Austin Scott (R)
9th district: Rep. Doug Collins (R)
10th district: Rep. Jody Hice (R)
11th district: Rep. Barry Loudermilk (R)
12th district: Rep. Rick Allen (R)
13th district: Rep. David Scott (D)
14th district: Vacant

Code: 805
