5th & 6th Grade

Mrs. Janet Lopez

This week in 5/6 grade in Bible we continue to learn about the book of Daniel in the Bible. We are reading the book entitled, "Prince of Dreams." This Book gets pretty in depth especially when it gets into the dreams of Daniel and Nebuchadnezzar, however we are up for the challenge!

In Math this week the 5th grade is working on patterning. It is challenging and fun to figure out the patterns! In 6th grade we are working on converting units of measure. This is a unit that students can see immediately how its applicable and useful in real life!

Science this week is about First Aid. Thank you Mrs. Crystal for coming to our class a giving a First Aid class! It was very interesting. The students not only learned about first aid but also received their own first aid kits. I think the whistle was their favorite item!

In Language Arts we said goodbye to Mrs. Sharna who has now finished her students teaching. We will miss her funny memes on the screen and her Trump pictures! Thank you Mrs. Sharna! We are finishing work on our Dinosaur book. The students made their own Dinosaur books with interesting facts. We worked on daily oral language and parts of speech.

In Social Studies the students learned about the French and Indian War. They made goggle slides to show their knowledge of history so far.

Please remind students to study for their Friday Quizzes. Next Friday we will also have a Science test over the unit on First Aid.

Have a great weekend!
