

# SAINT LIVE CREW

Production Work Experience Program - Term Jan 24 - Aug 24, Sep 24 - Aug 25

The SAINT LIVE team started as a few people helping out on Sunday in the parish of Hackney, to a team leading multidisciplinary production across some of the UK's largest Christian Festivals and Events. The team have created beautiful films, delivered complex livestream productions, and now look after six church locations, and run stunning capacity shows as an industry leading independent venue. The next step is to take what we have picked up along the journey - and give it away

## THE STORY SO FAR

Production Work Experience Program- Term Jan 24 - Aug 24, Sep 24 - Aug 25

**LIVE CREW** is a paid work experience program.

We want to journey with people who are on the front-end of their technical live events career and give them the biggest first step we can.

The opportunity is to build up real and practical live event experience through Sunday Services, Midweek courses and ministry events, and through Hackney Church Experiences. This is a broad, multidisciplinary offering of video, lighting, audio, camera and production management experience.
