

Mrs. Wessman's Class

Volume 19, Issue 17

January 11, 2021

Geology

This week we're becoming geologists and studying about the three types of rocks and how they're formed. We'll model the three types of rocks in a fun experiment that demonstrates the rock cycle!

Photos: Students made various landforms out of clay, sand, rock, and grass.

This Week -

In Bible we're continuing to study about the life of Jacob. We're also beginning our yearly memorization of Psalm 91 using sign language. This week we'll learn the first 4 verses. Ask your child to say them for you!

Water Bottles

Please remind your child to bring that clean water bottle back to school each week. We can't use the drinking fountains and cups aren't a very good option because they spill.

Lifestyle Challenge

We're continuing on with our challenge this week. Each morning we look in the mirror and say something positive about ourselves. We're remembering that God made each of us in a unique and special way.

Calendar

- Jan. 11- Fletcher's birthday
- Jan. 14—Alex's VIP
- Jan. 15- 2nd quarter ends
- Jan. 18- MLK Day—No School
- Jan. 21- Parker's VIP
- Jan. 22- Jed's birthday
- Jan. 28—Student Led Conferences
