## FOOTPRINTS

*One night I had a dream. I was walking along the beach with the Lord, and across the skies flashed scenes from my life. In each scene I noticed two sets of footprints in the sand. One was mine, and one was the Lord's. When the last scene of my life appeared before me, I looked back at the footprints in the sand, and, to my surprise, I noticed that many times along the path of my life there was only one set of footprints. And I noticed that it was the lowest and saddest time in my life. I asked the Lord about it: "Lord, you said that once I decided to follow you, you would walk with me all the way. But I noticed that during the most trouble-some times in my life there is only one set of footprints. I don't understand why you left my side when I needed you the most." The Lord replied: "My precious child, I never left you during your time of trial and suffering. Where you see only one set of footprints, it was then that I carried you."*
