WHAT'S NEWS THIS WEEK ...

CAP is getting ready for Christmas!

This year CAP and the Community Hub will be working in partnership to provide hampers for CAP clients & others who need a helping hand. We plan to offer food for the Christmas Day meal which will be delivered a day or so before Christmas Day by a team of deliverers.

Please consider giving to this: £40 would allow us to treat a family or £25 would allow us to treat a single person generously. The more we raise, the more people we can bless.

Please send your donations via bank transfer or cheque to our assistant treasurer Victoria Hillon at The Hub, and mark your donation as **HAMPERS** for our reference. Any questions please get in touch with Rachel on rachelmuter@ourhub.org or The Hub 0161 941 2018.

We will need all donations to be in by the 8th December please.

CAP hampers - Request for volunteers

Last year an amazing team of volunteers were able to bless 35 households with Christmas hampers.

We would love to be able to do the same and more this year, but in addition to donations we need your help. We need help with packing, delivery, writing Christmas cards, making hamper labels etc. If you can spare some time on **Wednesday 22nd December** to be part of the team, that would be great.

Please contact Rachel with your availability.

Trafford Citizens Assembly

The pandemic has highlighted the importance and benefits of working together to tackle the big challenges ahead of us. This is why we are organising a Trafford Citizens Assembly and hosting two key events for our residents on addressing our climate crisis.

We're looking for a group of residents to represent the borough starting with a launch event in the evening on **Tuesday 30 November** in Trafford and a larger event planned for **March 2022**.

In preparation for the larger session, we would like a mix of residents to come together on the 30 November for Trafford Citizens Assembly to help shape how we can work together to address the climate crisis.

We are looking for people of all ages, ethnicities, genders, disabilities and backgrounds to take part, from all areas of Trafford.

The session will include:

- How the wider green agenda is relevant to all our daily lives
- Explaining and understanding the key issues
- Invite questions and ideas about how to work together

Focus on practical actions we can all take forward
