NorRene Hatch's
Swedish Almond Cake

1 stick butter, melted -- must be real butter
1 cup sugar
1 cup all-purpose flour
2 eggs
1 teaspoon almond extract
sliced almonds (about 1/4 cup)

While the butter is melting, mix sugar and flour. Add eggs and almond extract to the sugar/flour mixture. Mix well. Batter will be stiff. Use about 1 teaspoon of the melted butter to butter a pie tin or cake pan. Add melted butter to mixture and mix well. Pour into buttered pie tin or round cake pan. Sprinkle with sliced almonds.

Bake in preheated 325-degree oven for 40 minutes. Cake should be light brown and test done with toothpick. Enjoy!
