

## Principal's Message

A word from Mrs. Bryant

"We know that God is **always** at work for the good of **every-one** who loves him. They are the ones God has chosen for His purpose." Romans 8:28

Feeling very content in this promise from the Contemporary English Version. Have a blessed and restful weekend!

## Volunteers update

Historically, any parent, friend, or family member who wished to volunteer at RAS has needed to do a background check and training through Verified Volunteers.

That fact hasn't changed, but the name of the company has. Verified Volunteers is now **Sterling Volunteers**. There is no significant change to you, other than a new name and different colors.

You should still be able to use your same username and password to log-in and check your status.

Additionally, if you are still eligible to volunteer through Verified Volunteers, you are seamlessly transferred to Sterling Volunteers. For more information, to log-in, or to register for the first time, [visit our website](#).

## Carnegie Picture Lab

We need your help! Carnegie Picture Lab is a community nonprofit organization that provides quarterly art lessons to our K to 6 classrooms throughout the Walla Walla Valley. We just need to be willing to teach the lessons. They provide all the training and supplies and then we get to bring the lessons into our classrooms.

If you like art and like to help children learn then please be a part of the Rogers team we are putting together for this program. Please email or text Renee for more info:
